

“The Republican Party holds that this government was instituted to secure the blessings of freedom.”

Abraham Lincoln understood to advance Republican principles of limited government, personal responsibility and fiscal restraint it was fundamentally necessary to organize political support at the local level. The Lincoln Club of the Scott County Republican Party raises resources to support the operations of the Scott County GOP for the benefit of local Republican candidates and campaigns. Members of The Lincoln Club make an annual donation to the Scott County GOP to build and maintain GOP political infrastructure and win elections.
